

The most experienced name in...

High-Speed Camera Systems for Manufacturing and Production Applications

Product Features

- Easy to Use
- Affordable
- Extra Long Record Times
- High Resolution
- Ultra-High Frame Rates
- Ultra-High Light Sensitivity
- Multi-Head Cameras

Applications We Service

- Production Line Maintenance
- Production Line Troubleshooting
- Machine Design
- Production Line Monitoring
- Industrial Inspection
- Packaging
- Web Inspection

NAC Image Technology offers a wide range of camera models to meet the most demanding and unique imaging needs in a manufacturing environment. From the world's smallest high speed imager to the world's longest record time systems, NAC has the tool to help solve your problem and keep you online. NAC High Speed Imaging systems have *the most light sensitivity, best image quality, largest memory capacities, smallest camera heads, fastest download times and most inclusive software packages in the industry*. All NAC products go through rigorous environmental testing and certification so you can be confident that your NAC Camera System will be a valuable and reliable tool for years to come. When it comes to reliable, high-quality, high-speed camera systems, make the safe choice with NAC and you'll *see the visible difference*.

Providing quality and reliability since 1958
